

Your Accommodation Finder

International students would have several ways to live in Brisbane, each of it has their pros and cons. Renting accommodation from local landlord may be cheaper then home-stay and student dormitory, but you need to spend much time to find which is the most suitable for you. For example, position, transportation, living environment, distance from school, not to mention, price, would be the factors that you have to take into account. This website offers some information you may concern while searching for your lovely home. It displays bus stops location, average weekly rent of different suburbs, woolies and coles position, noise level causes by airlines in Brisbane. Hope it could give you a favour!

✂ The final website is planed to like a collage made by the resources above.
